

## AltaGas - Stettler Pipe Replacement

**PROJECT DESCRIPTION**

Project is to replace existing steel mains and services in the Town of Stettler Area 4. Area is primarily residential with some commercial buildings. Project involves installation of 7,930m of PE mains up to 6" and 438 services, with 63 of those being commercial. New mains and services will primarily be installed by directional drilling. Also involved with the replacement of service lines is to move any existing inside gas meter to the outside of the building. Inside gas meter work will consist of primarily residential houses with 200 series meters, and may involve some commercial rotary meters.
