

## PROJECT DESCRIPTION

During the City of Calgary's revitalization of the pedestrian walkway on the 4th St underpass in downtown Calgary, ENMAX took the opportunity to upgrade their facilities in the tunnel underneath. Robert B Somerville broke out the existing sidewalks while protecting the live 25KV cables, slip piped and encased them into a larger ductbank allowing for future upgrades. In addition we broke out and rebuilt the aging manhole walls and ceilings at each end of the utility tunnel.

For over sixty years, we have leveraged innovation to connect communities. We remain committed to responsibly construct a clean, sustainable future. Somerville builds the infrastructure that makes energy reliably flow; from generation to generation.

Job Number: 16237

Role: General Contractor

Duration: October 1, 2016 to December 10, 2016

Value: \$ 750,000.00

Client: ENMAX Power Corporation

Client Contact: Jordan Depass

Client Phone: 403-514-3410

Client Email: [jdepass@enmax.com](mailto:jdepass@enmax.com)

Owner: ENMAX Power Corporation

Owner Contact: Jordan Depass

Owner Phone: 403-514-3410

Owner Email: [jdepass@enmax.com](mailto:jdepass@enmax.com)

Engineer: ENMAX Power Corporation

Engineer Contact: Lei Zhu

Primary Work Type: Utility

Other Work Type: Distribution
