

PROJECT DESCRIPTION

To upgrade an existing duct bank in the network, we completed the break-out of an existing 6-way duct bank with active fiber optic cables inside and re-built a larger 18-way duct bank in its place, re-encasing all the ducts and fibers.

For over sixty years, we have leveraged innovation to connect communities. We remain committed to responsibly construct a clean, sustainable future. Somerville builds the infrastructure that makes energy reliably flow; from generation to generation.

Job Number: 17210

Role: General Contractor

Duration: October 2, 2017 to November 23, 2017

Value: \$ 500,000.00

Client: ENMAX Power Corporation

Client Contact: Jordan Depass

Client Phone: 403-514-3410

Client Email: jdepass@enmax.com

Owner: ENMAX Power Corporation

Engineer: ENMAX Power Corporation

Primary Work Type: Utility

Other Work Type: Distribution
