

## PROJECT DESCRIPTION

Robert B. Somerville installed a new 8-way ductbank between two existing manholes in the downtown Calgary area for ENMAX. Challenges included working in an urban city environment, traffic, the rerouting of ducts around existing utilities, and the proximity to live cables when tie-ing into existing network vaults.

*For over sixty years, we have leveraged innovation to connect communities. We remain committed to responsibly construct a clean, sustainable future. Somerville builds the infrastructure that makes energy reliably flow; from generation to generation.*

Job Number: 17212

Role: General Contractor

Duration: October 18, 2017 to November 1, 2017

Value: \$ 200,000.00

Client: ENMAX Power Corporation

Client Contact: Jordan Depass

Client Phone: 403-514-3410

Client Email: [jdepass@enmax.com](mailto:jdepass@enmax.com)

Owner: ENMAX Power Corporation

Engineer: ENMAX Power Corporation

Engineer Contact: Kuntal Pandya

Primary Work Type: Utility

Other Work Type: Distribution
