

### PROJECT DESCRIPTION

Project is to replace existing steel mains and services in Morinville. Area is primarily residential and commercial buildings, with some townhouses and condominiums. Project required the installation of 1,880m of 3/4" PE, 1,250m of 2" PE, 1,650m of 3" PE, and 132 services. New mains and services will primarily be installed by directional drilling. Also involved with the replacement of service lines is to move any existing inside gas meter to the outside of the building. Inside gas meter work will consist of primarily residential houses with 200 series meters, and commercial meters up to 2M rotary meters.

For over sixty years, we have leveraged innovation to connect communities. We remain committed to responsibly construct a clean, sustainable future. Somerville builds the infrastructure that makes energy reliably flow; from generation to generation.

Job Number: 15513

Role: Prime Contractor
