

TRANS MOUNTAIN NORTH THOMPSON 6 PIPE REPLACEMENT

SOMERVILLE

PROJECT DESCRIPTION

Somerville installed 800m of new 24" replacement pipeline under the North Thompson River in Blue River, BC. Post tie-ins, the existing piping through the river was grouted (approximately 565m of 24") and decommissioned.

For over sixty years, we have leveraged innovation to connect communities. We remain committed to responsibly construct a clean, sustainable future. Somerville builds the infrastructure that makes energy reliably flow; from generation to generation.
