

PROJECT DESCRIPTION

This project is an annual general contract that Robert B. Somerville has successfully renewed annually since 1995. Robert B. Somerville assist TransNorthern Pipelines in providing maintenance services for the entire length of their pipeline along the Sarnia to Montreal Corridor. This includes integrity dig, pigging, and testing programs. Robert B. Somerville is also part of the Emergency Response Team with personnel and equipment available at a moments notice should a pipeline break be discovered.

For over fifty years, we have leveraged innovation to connect communities. We remain committed to responsibly construct a clean, sustainable future. Somerville builds the infrastructure that makes energy reliably flow; from generation to generation.

Job Number: 11 350
